

WEEK 4 - LEADER NOTES

Before you begin...

- Pray for your group members!
- Ask your group members if they have any "glory stories" or "God moments" to share from the last week.
- Has anyone grown in Marian devotion from any practices taken up last week?
- If you have a way to play music where you meet, you might want to play reflective music during the Send.

Gather:

- Notice that the Our Father asks for the coming of God's Kingdom here and now, not just as something in the future!

Proclaim:

- The Catechism sections for this week cover two related but different topics. We will discuss the signs of the Kingdom (proofs Jesus is who he says he is) as well as the authority he gave to Peter and the Church.

Break:

- Some parts of this discussion might bring up challenging topics that are difficult to answer. We should not avoid the discussion, but we also do not need to feel like always have to have an exhaustive answer in difficult situations.
- If you are looking for helpful and pastoral resources on particular Church teachings, please let us know!

Send:

- For the challenge, group members can choose one collective topic or each person can choose their own topic.
- Reflection questions can be covered alone. but it could be really fruitful if anyone wants to share their experiences with these things.

Know that we are praying for you and we are so excited to see what God does with your community!

If you have any glory stories or questions, please reach out and let us know by emailing
